## A LETTER FROM OUR DIRECTOR

We began the year 2020 with an ambitious goal to illuminate the plight of people living in poverty. Our hope was to cultivate understanding and compassion by illustrating its root causes. However, the pandemic exposed the vulnerabilities and fragility of our economy, front and center on a global stage and forced many to live in conditions that others experience daily.

I am especially grateful for the perseverance of our staff, partner agencies, Ohio Army National Guard, and the extraordinary support from the community over this past year. The images of sorrow and heroism from 2020 will forever be etched in my mind. The National Guard loading thousands of cars with food. The elderly, encapsulated in the safety of their vehicle, carpooling with friends through the mass food distributions. Children bouncing around the back seat, waiving as they passed by. The synchronized motioning of the Guard as they signaled for the next round of cars. The blocked intersections and police directing traffic. The shame and embarrassment on the man's face who lost his job, afraid of being seen by someone he knew, angry for having to ask for help, but grateful to receive it. The panic of the young couple who waited for their SNAP benefits to be renewed only to find empty shelves at the grocery store. Our partner agencies who made substantial changes to how they operate to keep providing food, uninhibited. And so many more...

We were inspired by the many expressions of love from the community, manifested in the most beautiful and thoughtful ways. Each handwritten note, surprise call from a donor, and new organization interested in partnering with us were driving forces that empowered us to distribute quantities of food, far greater than we have ever experienced.

As we prepare for the "benefits cliff" when temporary government provisions run out over the next few months, I hope you will join us again on the frontlines to continue the fight against hunger. It is with the strength of our collective efforts that we are able to advance lasting change. It all begins with a decision to make a difference and is as simple as providing - one meal at a time.

If we have learned anything over this past year, it is that we are better: together. Thank you for standing with us at a time when you were needed most.

Affectionately,

  
Terry Perdue

## WHERE WE ARE NOW

PEOPLE SERVED 89,370

National Guard

Packed **1,502,255** pounds of food &

served **11,151** hours.

*In 2020, Foodbanks across the country had to adapt how food was distributed to meet a growing need. In addition to all of the amazing work our entire network of hunger relief charitable organization did, Shared Harvest Foodbank also provided direct distributions to families. None of which wouldn't have been made possible without the help of the National Guard or our sponsors*
